

if you're a top lawyer  
and you aren't working  
for the best law firm  
in the country,  
aren't you guilty of  
misrepresenting yourself?

Ask yourself. Wouldn't you be in a better position if you had a team of over 300 of the best legal and tax brains in the country behind you? Wouldn't it serve you better to be surrounded by exceptionally talented, dynamic thinkers who are passionate about what they do? Wouldn't you go further if you were with a bigger company, worked on bigger clients, got bigger breaks? Precisely. Why don't you call us?
